

# WEEKLY UPDATE

## USH 51 PORTAGE

10/05/21

Last week the lighting was installed throughout the project. Signage installation was also started.

This week the electrical wiring installation will continue. Final landscaping will continue as well.

A storm sewer liner will be installed today under Dewitt Street from Edgewater north to Cook Street. Be aware of workers and equipment in the area. This work is anticipated to be completed in one day.

Next week signage and electrical work will continue along with the final layer of asphalt paving.

Motorists will be encouraged to use the closest sideroad or alley to access homes and businesses. The contractor will provide advance warning of upcoming changes to access or access restrictions.
